Fuel consumption and CO2\* figures for the Volvo XC40 range, in MPG (l/100km): WLTP Combined 31.0 (9.1) 141.1 (2.0). NEDC CO2 emissions 168 38g/km. Twin Engine WLTP electric energy consumption 3.4 4.1 miles/kWh. Twin Engine WLTP all electric range 26.1 28.6 miles.

Figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. \*There is a new test used for fuel consumption and CO2 figures. The CO2 figures shown, however, are based on the outgoing test cycle and will be used to calculate vehicle tax on first registration. Preliminary data. Please contact Waylands for latest information.

\*New Volvo plug in hybrids only. UK retail customers, age 18+, registered on app. Sum reimbursed based on average UK electricity cost (actual tariff may vary). Max. reimbursement 3000kWh. Order from participating retailer 17.10.19 30.06.20. 12 months electricity runs from May 2020 or (if la ter) date of registration on app you must own car for a minimum of 12 months. Not transferable. T&Cs apply
